ARMY FIELD BAND SCORES; INVITED BACK FOR NEXT JULY

The United States Army Field Band scored again Thursday evening with a Gettysburg audience and received an invitation to return next July 4 for the 96th Battle Anniversary celebration.

The band won enthusiastic applause from an audience of about 750 persons Thursday evening in the Gettysburg High School auditorium where they appeared under the sponsorship of the Band Boosters Club of the school. There was no admission charge but an offering that totaled \$181 was received for the Band Boosters to use on new uniforms.

Former Burgess William G. Weaver, who thanked the band from the platform Thursday evening, extended the July invitation as chairman of the committee on Special Events for the 96th anniversary celebration.

Ninety-Minute Concert
Maj. Chester E. Whiting, organizer of the band and its director, said the band would be glad to come here for the anniversary event but that final decision is up to the Army in Washington.

The Army Field Band was here for the anniversary observance in 1950, performing in the high school football field in sweltering (Continued On Page 3)

TWO ACCIDENTS AT SAME SPOT IN FOUR HOURS

Two accidents occurred at the intersection of West and W. Middle Sts. Thursday afternoon within four hours and resulted in one injury. Both collisions happened as a result of a driver failing to yield the right away from the same side street, according to police. In the second mishap, the direction of travel for the two autos was reversed. Charles S. Frey, 75, Fairfield R. 1, suffered a cerebral concussion and lacerations of the face and hands in an accident at 12:30 o'clock in which he was hurled from his car after "he probably missed the stop sign," police said. Frey was driving north on West St. when he came into Middle St. and smashed into the side of a Chevrolet panel truck owned by Knouse Foods, Inc., and driven east on Middle St. by Joseph A. Reaver, 33, Gettysburg R. 2.

Frey was admitted to the Warner Hospital where his condition is listed today as fair. He was thrown to the middle of the roadway where he was found by police to be conscious "but didn't remember a thing."

Damage Totals \$425
Damage was listed to Frey's 1941 Plymouth at \$75, which police said was demolished and \$350 to the panel truck.

The second mishap occurred at the intersection at 3:50 o'clock when George W. Dunstan, 77, New Oxford R. 2, was driving south on West St. in a 1939 Chevrolet station wagon. He failed to stop for the stop sign and hit the side of a 1952 Chrysler driven west on West Middle St. by Miss Barbara R. Sanders, 17, Gettysburg, police said.

Police reported slight damage to the two cars. No one was injured.

20 Men Marooned On An Ice Floe Snatched To Safety In Daring Rescue Under Flares

ANCHORAGE, Alaska (AP)—Drifting Station A's 20 marooned men were snatched to safety Thursday night in a dramatic Arctic rescue carried out by the light of flares.

All 20 of the rescued scientists and airmen were reported to be in excellent condition despite five days of isolation.

They were stranded Sunday on the Arctic Ocean 300 miles from the North Pole when an unseasonal polar storm ripped their mile-square ice floe apart.

The scientific station they were maintaining was an International Geophysical Year project.

Guided By Flares
A C123 from Thule, Greenland, guided only by flares set out by the men themselves, landed and hustled them aboard. There is no daylight during the Arctic winter.

The 11 Air Force men and nine civilians will be flown to Thule and then to Ladd Air Force Base, Fairbanks, Alaska, the base of operations for most of the civilians

REYNOLDS AVE. BRIDGE OPENS THIS MORNING

In a brief ceremony on a wind-swept ridge, Burgess Wilbur L. Plank cut the ribbon formally opening the Reynolds Ave. bridge over the Western Maryland Railroad tracks on the Battlefield at 10 o'clock this morning.

James B. Myers, superintendent of the Gettysburg National Park, told the score or so of persons present: "The bridge represents the first completed project in the program to have this park in tip-top shape for the anniversary—the 1963 date."

The project is also part of Mission 66, the program of expansion and development of national parks in preparation for the observance of the 50th anniversary of the founding of the National Park Service.

The portion of Reynolds Ave. just north of the Lincoln Highway has been closed since July 17 when work was started by the West York Construction Co., West York, contractors. The new \$66,645.55 span replaces the former "humped" bridge across the tracks.

Burgess Plank said that the new bridge is a "big improvement." Following the ribbon cutting, a motorcade of a dozen cars, led by a car driven by Henry M. Scharf, member of the Advisory Committee to the Civil War Centennial Commission, and with the burgess and Superintendent Myers also as occupants, crossed and recrossed the new span.

2 COMPANIES WILL SOLICIT FOR M-D FUND

Two Adams County Fire companies will take part in the annual Muscular Dystrophy Drive this year and possible most of the companies will participate in a similar drive in 1959, according to reports at the meeting of the Adams County Association of Fire Chiefs Thursday evening at Irishtown.

Gettysburg and Fairfield firemen will make a "one evening" campaign to raise funds for Muscular Dystrophy Monday evening, November 17, it was announced, with the funds to be sent to the national organization for use in the National research and training program. Thirty per cent of the amount raised will be made available by the national organization for use by Adams Counties, if needed.

According to the plans outlined at the fire chiefs' meeting the two organizations will make a door-to-door canvass. Two years ago when Gettysburg firemen held a similar drive \$1,100 was realized for the Muscular Dystrophy program.

C.P. Keefer Gives 63-word Prescription For Meeting All Of Education's Ills

Adams County Superintendent of School C. P. Keefer offered a 63-word prescription "for all the educational ills of today" in a radio talk Thursday noon on WGET.

His prescription: "More qualified teachers, more buildings and more classrooms, more teaching equipment, more financial support, better salaries for the competent teachers, more public understanding of the critical issues, involved, an increased respect in the community for the members of the teaching profession, and, above all, more personal encouragement for attempting to provide an effective program of education for all the youth in our schools."

Mr. Keefer said in part: "Many of the devoted men and women who have made education their profession and their means of livelihood know only too well the weaknesses, the inadequacies and the existence of some superficial offerings in their schools. These weaker portions of our educational program for youth are receiving and will continue to receive their attention. The people in the profession desire and seek the constructive criticisms of the schools and the co-operation of fairminded and understanding citizens in their attack on this problem which some want to label 'the crisis' in education."

Are Talented Neglected?
"Let us consider briefly the censure that the academic talented are neglected." First of all, it is difficult to define this group. But let us assume that these are the college-bound who meet the highest admission requirements to the highly selective colleges, then we can speak about this segment of school youth and their academic achievement. Work with superior or talented students has gone on in many schools for some time. Looking at records, we must admit that the results of the quality of teaching in our secondary schools have been impressive.

"These are the students that meet the ever increasing standards of academic achievement that are required to be admitted to colleges that are highly selective and have four or five times as many applicants as they are able to accept. Let us refer to the change of admission standards of the last fifty years. The Carnegie Foundation for the advancement of teaching reports that in 1908 many students were admitted to Columbia, Harvard, Yale, Princeton, and many other colleges and educational deficiencies in their secondary preparation, called 'conditions.' At Columbia 59 per cent, at Harvard 49 per cent, at Yale 58 per cent, at Wellesley 25 per cent, at Radcliffe 46 per cent of sponsored by the Jaycees, said all students admitted to these col-

Knocking Noise Postpones Firing Of New Moon Rocket

CAPE CANAVERAL, Fla. (AP)—A strange knocking noise inside the missile early today caused postponement of the latest Air Force attempt to shoot a satellite around the moon.

The huge Pioneer moon rocket glowed in the rays of floodlights for more than two hours in a driving rainstorm before the launch was called off at 12:34 a.m.

The Air Force has two more chances to shoot for the moon this month—in the early morning hours of Saturday and Sunday and then only within a critical time period of 18 to 20 minutes.

Brief Periods Available
The time on a moon launching is critical because the earth and moon are in the opportune position for just brief periods each day.

If the missilemen fail to fire within the specified time, they will have to wait until early in December.

The launching was less than an hour away from zero when the noise was heard. The trouble apparently could not be pinpointed soon enough to get the rocket off during the critical time limit.

The Air Force announced the postponement was due to technical difficulties.

Two other moon rocket attempts have failed.

GEN. BIDDLE WILL SPEAK HERE NOV. 19

Major General Anthony J. Drexel Biddle Jr., chairman of Pennsylvania's Civil War Centennial Commission and the state's adjutant general, will be the speaker Wednesday, November 19, at the exercises in the National Cemetery here marking the 95th anniversary of its dedication November 19, 1863, by President Lincoln.

Dr. Frederick Tilberg, president of the Lincoln Fellowship of Pennsylvania, which with the Gettysburg Camp of the Sons of Union Veterans sponsors the annual Dedication Day observance, said the program at the Soldiers' National Monument in the cemetery, the spot where Lincoln stood when he delivered his "Gettysburg Address," will be held at 2:30 p.m. on November 19. The Gettysburg High School band and units of the Gettysburg College ROTC will participate.

Luncheon At Noon
The program will follow the annual luncheon and business meeting of the Lincoln Fellowship to be held at the Hotel Gettysburg at 12 noon. Judge Edward S. Delaplaine, Frederick, will be the speaker at that session on "President Lincoln's Visit to Antietam and Frederick."

Attorney General Biddle, Philadelphia, served with the U.S. Army in 1917-1918 with the rank of captain. He rose from lieutenant colonel to the rank of general during World War II serving as a deputy chief with Supreme Headquarters Allied Expeditionary Force and later, following World War II, he served with SHAPE and then as special assistant to General Matthew B. Ridgway while General Ridgway was chief of staff. He has been awarded the Legion of Merit, the Legion of Honor, the Croix de Guerre and honors from nearly every European country including the Order of the British Empire. Between service with the armed forces he served as deputy ambassador to France and as ambassador to Poland, Belgium, the Netherlands, Norway, Greece, Yugoslavia and Czechoslovakia.

CHILD WELFARE CASE WORKER IS RESIGNING

The Adams County commissioners were searching today for someone with a college degree to take over operation of the county's Child Welfare Services.

With the resignation of Mrs. William Morrow as case worker, announced Thursday night at a meeting of the Child Welfare Advisory board meeting in the court house, the commissioners found that the office will be without a staff—other than a secretary—as of November 28, date of Mrs. Morrow's resignation.

The commissioners hope to secure a replacement, either a director or at least a case worker or preferably both, by that date.

Applicants must have college degrees, the commissioners said, adding that they had interrogated state officials concerning the degree requirement previously and had been turned down on their suggestion that some intelligent person with a high school diploma, or perhaps just experience and ability, could handle the job.

With approximately 100 children under care of Child Welfare, the county normally has a director and a case worker to handle the load. The director, Robert J. McMullin, recently resigned to accept a post in Philadelphia, leaving Mrs. Morrow as the only trained worker in the office.

She plans to resign as of November 28, the commissioners said, adding that they understand she will accept a post with the Department of Public Assistance. A native of Annapolis, Mrs. Morrow was employed by the Lebanon Family and Children's Service before accepting the case worker post here in July. She is a graduate of Gettysburg College.

Despite the forthcoming vacancies in the staff, the advisory board, headed by Chairman C. C. Culp, went ahead Thursday with plans for the annual arranging of Christmas gifts for all youngsters under the county's care. The advisory committee determines the Christmas needs and then the articles are bought by Sunday Schools, clubs and individuals for distribution to the youngsters.

Emmitsburg VFW Plans Xmas Treat

The VFW Post met Tuesday evening in the post home. Commander Harold Hoke presided over the 120 guests and members present.

The group voted to repeat its annual Christmas treat for the children of the schools. Santa Claus and his helpers will visit the schools the day before Christmas vacation begins and distribute candy and fruit.

Following the meeting of the post, a district meeting was held with department officers and district officers present from Westminster, Frederick, Union Bridge, Owings Mills and Emmitsburg.

After the business meetings the Ladies of the Auxiliary served turkey dinners.

Eisenhower Threatens To Resume Nuclear Testings Unless Reds Stop Firing

WASHINGTON (AP)—The United States announced today that Russia has fired two nuclear weapons tests since this country halted testing. President Eisenhower said, however, that the American suspension will continue for the time being.

In a statement, Eisenhower appealed to the Soviet government to join in a temporary ban on experimental nuclear explosions.

At the same time he warned: "If there is no shortly a corresponding renunciation by the Soviet Union (of testing), the United States will be obliged to reconsider its position."

Announcement of the new nuclear explosions in the Soviet Union was made by the Atomic Energy Commission.

There was an implication in the AEC statement that the Soviets might have thought the two tests would not be detected, although this was merely a speculation.

BRUA HALL REDEDICATED FOR MUSIC

"Music is communication when all other forms fail," said the Rev. Herbert W. Stroup Jr., pastor of Trinity Lutheran Church, Camp Hill, in his dedicatory address during ceremonies Thursday afternoon in Brua Hall on the Gettysburg College campus.

Mrs. J. Leon Haines, president of the Woman's General League of Gettysburg College, presented the keys of the hall to Gen. Wilard S. Paul, president of the college, and Prof. Parker B. Wagnild, head of the college's music department.

The occasion marked the completion of a five-year program of improvement and expansion of the old Brua Chapel fitting it for the expanded music department.

Begun In 1950

The project was begun in 1950 when the cornerstone for the first addition was laid. The next year the league dedicated this addition and established a music department in honor of 25 years of service by President and Mrs. Henry W. A. Hanson. Other improvements followed.

The league has contributed \$135,000 toward the modernization program. The hall now includes, on the basement floor, a lounge with attached kitchen, an office, three studios, two classrooms, seven practice rooms, storage rooms and rest rooms.

On the floor above are a choral room, a band room with storage for instruments, an auditorium seating 150, stage, pipe organ loft and two studios.

Reinberger, director of field work and professor of practical theology at the Gettysburg Lutheran Theological Seminary, was the guest speaker and spoke on "Stewardship Program of the local church." Brown reported for the committee on the exploration of the needs of the Sunday School and church, presenting three proposals for the consideration of the congregation. C. L. Pointing to the current emphasis on science and technology as prone to eclipse the arts, he said, "We seem to have developed our thinking about education that if it doesn't fight the Russians, it isn't any good."

"This is a strategic time to present a full program - in a proper building - of the arts." He added that events have shown that words and diplomacy have been failing in communication with the Russians. "The only thing that has gotten in so far is the arts."

Record Of Service He credited the league for its "long record of service to this college. If it were not for you, this could not have been done."

More than 200 league members and others crowded into the auditorium and overflowed into the band room of Brua Hall for the ceremony.

college entrance examination board. The degree of difficulty of the present-day entrance examinations is much higher than twenty or twenty-five years ago, yet our students qualify. Surely this fact does not support the criticism of 'the talented-are-neglected.'

Phi Beta Kappa Material

"In addition, program for the talented in our schools are growing in number throughout the country. Do the critics know that students from 212 secondary schools have entered college with advanced standing? Approximately 2,100 secondary school students took 2,700 examinations in 1957 for advanced standing in 201 colleges. Many more schools that were not registered for these examinations offer many advanced subjects for 'the talented.'

"It should further be said that an extremely high percentage of all the students elected to Phi Beta Kappa in college are graduates of the 'scholarless' American public high school. The percentage varies according to the college, but it ranges from 55 per cent to 75 per cent of all students elected to Phi Beta Kappa. This 'is even more impressive when one realizes that the number of students from the American public high school approximates only 50 per cent of all the students enrolled at such institutions as Harvard, Yale, and Princeton. These students in our colleges come from the American public high schools, the same institutions that are charged today with promoting anti-intellectualism and are further characterized as 'schools without scholars.' The quality and effectiveness of instruction in the American public high school must be given some credit for the basic academic preparation of these students for college.

"Concerning the statement that 'too little mathematics and science are available in our schools' suffice it to say that it is a most fallacious statement and cannot be supported by any reliable evidence. In fact, 95.2 per cent of all students who reach the twelfth grade in our schools are in schools that offer both chemistry and physics and corresponding mathematics courses.

Better Educated Now

"Some say: 'We are less educated than fifty years ago.' In World War I, millions of men in the Armed Forces were tested by the Army Alpha tests. The general level of education of the millions who were tested was the equivalent of grade 6.8, or nearly seventh-grade level of the regular public school.

"In World War II, similar tests, known as the Army General Classification tests, were given to millions of men (and some women) in the Armed Forces. The grade level of the millions that were tested had risen to a 10.5 grade, or half way between ten and eleven of the regular public school. These two tests were statistically correlated and validated. This is an increase of 3.7 grades in level of attainment for comparable millions in a period of 25-30 years.

"This educational gain was not just incidental and accidental. It is fair that we claim that the schools are not neglecting the 'fundamentals' when compared to 'the good old days, when I went to school.'

Realizing Great Dream

"As to saying 'that some foreign systems of education are superior to ours,' time permits only one brief reference to high-ranking private schools of England—Rugby, Magdalen College, St. George's School, and others of equally high standard and reputation. Eight to twelve boys and girls were selected from our public high schools for ten years, from 1947 to 1956, and sent to these highly selective English schools. These were not necessarily our superior students, just typical of the good all-around youth who

"YOUNG LOVE"

Young love is like a summer day . . . so tender and so warm . . . when smiles are magic shelters . . . from almost any storm . . . young love is like a rosebud . . . eager to burst in bloom . . . when stolen kisses are the means . . . to disperse worldly gloom . . . young love is full of hopes and dreams . . . that pave the way with cheer . . . when every day's a holiday . . . that's free of doubt and fear . . . young love is wonderful to know . . . a sojourn to the moon . . . when anytime at all is ripe . . . to cuddle and to spoon . . . young love is an enchanting song . . . but once the song is sung . . . we all have to remember . . . young love is for the young.

were the normal college-bound type. All of them made the adjustment and held their own scholastically. A few had their respective classes in these English schools. There were no failures among the American students and many had superior records. This actual record over a ten-year period—is it better than mere opinion?

"Our public secondary school now has approximately 90 per cent of our total youth-age group in school. In 1910, we had 14.2 per cent, just a few more than were headed toward higher education at that time. Yes, we are realizing 'the great American dream'—at least a high school education of 'all the children of all the people.'

"Let us consider too much gobble-gook in the school curriculum—driver education, homemaking, vocational training of many kinds, et cetera. In the middle of the 18th century, there was much public criticism of the existing secondary—the Latin grammar school. It was not long until a demand grew out of the needs and desires of the people for courses other than those which prepared for college. Many of the courses in the school curriculum today are there because parents and citizens wanted the school to offer this kind and variety of education to their sons and daughters who were not planning to go to higher institutions of learning.

There For A Reason

"The critics say: Why not let the home take the responsibility to teach girls homemaking? Why teach or train boys and girls in the necessary skills for jobs in industry and business? Should not business and industry train them? Why train youth to drive cars safely and in a manner which goes give a high degree of safety to others? Why should not the parents take this responsibility? I suppose this would have been the pattern if parents would have been willing to assume this responsibility. But they were unwilling to do so. States now have legislation for driver training in our schools and give financial support. Driver education in our schools supplies ample evidence that a greater degree of safety on our highways is assured for all. It promotes the general welfare and general safety because it preserves lives and prevents highway accidents.

"So the curriculum offerings in today's secondary school found their way there through the expressed desire of our citizens to meet the growing needs of the youth in today's world. Perhaps they need an overhauling and re-evaluation to determine their adequacy and usefulness.

Greatest In The World

"Most of the accusations of the American public high school are not true. But we do realize that there are weaknesses and that there is urgent need for improving them. Yet with all its faults and its weaknesses, I am convinced that America has the greatest educational system in the world. It has produced eminent men and women in all walks of life, even leaders in science that, as a group, lead the world in great achieve-

Sager, clerks; and Ira McGlaughlin, assistant cashier.

Fairfield First National Is 50 Years Old; Charter Anniversary Noted Today

Today the First National Bank of Fairfield is marking the 50th anniversary of the granting of its charter to do business in the Adams County community. In the half-century of its existence it has grown to an institution with assets well over \$1.6 million.

The earliest record of the bank is that of a meeting June 30, 1908, when a group of citizens met to plan formation of a bank to serve local residents, farmers and fruit growers. The Rev. D. W. Stonebraker was designated president of an organizing committee and James Cunningham was named secretary.

Cunningham was a member of a stock solicitation canvassing committee which also included J. U. Neely, who became the bank's first president. E. B. Swope, Christian Frey, J. F. Mackley, C. F. Strausbaugh, Peter Keady, C. P. Bream, John D. Brown and E. E. King.

When the board organized August 1, 1908, Neely was named president and Keady, vice president. Board members were J. Elmer Zimmerman, Mackley, J. J. Reindollar, Cunningham, Swope, Frey, Dr. J. E. Glenn, Bream and Strausbaugh.

Built In 1923

For 15 years the bank was located in quarters rented from Swope, the location being that now occupied by the United Telephone Co. In 1923 construction of the bank's present building was begun and the move into the new home took place in 1924.

The building was completely remodeled in 1955. President J. U. Neely continued to serve until 1917 when he was succeeded by Keady who served until 1920. Zimmerman then became president and so continued until his retirement in 1947 when he was made chairman of the board. He was the only one person to hold that title and continued in the post until his death June 10, 1956.

He was the last of the original ment. Fourteen of the fifteen leading scientists, who developed our first successful Vanguard, are graduates of this American public secondary school.

"Most of our schools are as good as the people want them to be. They need improvement in many places and few are so good that they cannot be made even better. But, let's speak the truth about them so they may prosper on fact and not falter on fancy. Our public secondary schools should meet all the essential educational needs of all our youth.

"The educators need intelligent support and encouragement and helpful cooperation in assuming the responsibility to which they are devoting their lives. They will not solve their perplexing problems to the satisfaction of parents and school youth through 'brick bats' and unfair and unwarranted criticism."

Directors of the bank.

Robert C. Neely became the bank's next president, continuing as the institutions' head through 1953. He was succeeded by John E. Brown who served for one year.

Diehl Now President

Howard C. Diehl, Fairfield R. 1, became president in 1955 and holds that office now. He and a son, John M. Diehl, operate a general farm. Mervin I. Weikert, Gettysburg R. 2, is vice president.

Kenneth R. Sonaker, who joined the bank staff 10 years ago, is cashier and Ira McGlaughlin is his assistant. Both reside at Fairfield R. 1. Mrs. Mary E. Beard, Gettysburg R. 2, and Mrs. Mae R. Sager, Fairfield, are the bank's clerks.

The present directors are Diehl, Weikert, J. B. Waddle, S. L. Allison, E. H. Newman and C. L. Sheeds, all of Fairfield; George C. Steinberger, Fairfield R. 2, and Luther H. Martin, Blue Ridge Summit.

Originally capitalized at \$25,000, the bank later increased its capital to its present \$50,000. In its most recent statement, First National listed a surplus of \$85,000.

Loans and discounts, virtually all local, were \$78,167. Officers pointed out that the bank policy of serving local people has been continued through its history.

Maryland Damage Suit Is Settled

A friendly suit growing out of an injury by a pedestrian in Emmitsburg has been settled out of court for \$3,500 and costs, Frederick Circuit Court docket entries showed Thursday.

The suit was entered by Deborah Louise Gillespie, through her parents, Mr. and Mrs. Leonard G. Gillespie, Taneytown R. 2, against Wilbur M. Rentzel, Thurmont. The girl, through her attorney, said she was crossing W. Main St. in Emmitsburg, May 17, when she was struck by a car operated by the defendant.

She said she sustained injuries about the head, face, back, shoulders and legs and her parents were put to great expense for medicine and hospital treatment. The suit was for \$7,000 and the judgment in the amount of \$3,500 and costs was confessed by the attorney for the defendant.

G.S. Girl Scout News

Intermediate Girl Scout Troop 44 held its birthday anniversary party Thursday afternoon in St. James Lutheran Church. Each girl received a registration card. Investiture was held for two new members, Miss Beverly Bixler and Miss Alma Trostle, and for Mrs. William Zaga, a troop committee member. Mrs. John Reimer, troop committee member, was a guest.

Along with the troop birthday party were celebrated the birthdays of Miss Beverly Phiel and Miss Nancy Johnson which fall on the same day, November 11. A cake, candles, and flowers decorated the table. Refreshments were served and games played. Leaders in charge were Mrs. Arthur Phiel and Mrs. Walter Johnson.

Tentative plans were made for a hayride by Girl Scout Troop 42 which met Wednesday at the Reformed Church. Mrs. Robert Shriver collected the calendar sale money. Members gave short reports on the special requirements for the tree badge. The balance of the meeting was used to work on project "X," the secret to be announced later. heat. Major Whiting said Thursday evening the band has not run into hotter weather since that time and it has performed in every state in the nation, Canada, Mexico, Europe and the Orient.

Mixing marches with Sigmund Romberg favorites, an overture and especially numbers the band was a "hit" from its opening rendition of "God Bless America" and the national anthem until it closed with its signature tune, "Kings Of The Highways," 90 minutes later.

Several Encores

The 25-vocalists' chorus, vocal soloists for the Romberg favorites from "New Moon," "Desert Song" and "The Student Prince," instrumental specialties and the six drummers who proved to be adept jugglers as well as rhythm masters combined to draw rounds of applause that earned several encores.

The opening numbers were followed by the four-movement composition, "Tulsa" by Don Gills and then the 14-man clarinet section was featured in "Clarinet Capers." Three trumpeters stepped forward for the next number, a snappy "Bugler's Holiday."

From "Boston Suite," the band played "On The Esplanade" and then followed the overture "Irate." As an encore they switched rhythm to "Tico, Tico," from "South of the Border."

End With Sousa Favorite

The second section of the concert opened with the Sigmund Romberg salute with popular sections presented from his three favorite musicals. Then there was a march, "Military Maestro" and another switch to "Begin the Reel." Reed sections were featured in Raymond Scott's "In An 18th Century Drawing Room," and then Major Whiting's arrangement featuring the drumstick-juggling drummers followed.

After a Sousa march, the favorite "Stars and Stripes Forever," the band signed off with their "Kings Of The Highway" as narrator Paul Henry introduced all the band members

for all Y-Teens.

FIFTEEN YEARS AGO

Oldest Garage To Go Out Of Business: Gettysburg's oldest garage is going out of business.

Announcement was made this week of the forthcoming public sale of all the equipment of the Central Auto Company, York street, to be held at 7 o'clock in the evening, November 17.

Repair work at the garage was discontinued several months ago and the sale will dispose of all the equipment to close out the business.

The Central Auto company was founded in 1911 by the late William F. Codori Sr. It grew with the progress of the modern automobile until the death of the founder in 1933. The garage continued in operation but the Codori heirs turned the major part of their attention to the wholesale and retail sale of petroleum products. Some time ago, the company, known as the Citizens Oil company, became distributors in the county for roofing materials and a nationally known tire. All the company's attention will be devoted to these activities in the future.

Joseph E. Codori is manager of the firm.

George Eberhart, proprietor of the Hotel Eberhart, opened the first garage in Gettysburg, in the building at the rear of the present C. W. Epley garage. It was opened in 1906 but has been out of existence for a number of years.

Mrs. Coleman To Head Drive For WACS Here: Mrs. J. Walter Coleman, president of the Woman's club of Gettysburg, has been appointed chairman of the WAC recruiting campaign for Gettysburg and vicinity by Burgess Fred G. Pfeffer.

Burgess Pfeffer was asked by Governor Martin to sponsor a WAC recruiting campaign in this area this month.

Following her appointment Mrs. Coleman announced the following executive committee to assist in the drive:

Mrs. Samuel Reed, Mrs. Clyde D. Berger, Mrs. C. Richard Wolff, Mrs. Charles Lawver, Mrs. Leroy H. Winebrenner and Mrs. Henrietta Blocher.

Mrs. J. B. Baker Is Re-elected; Meeting Ends: Mrs. J. B. Baker, York, formerly of Gettysburg, was re-elected president of the Woman's League of Gettysburg college at the annual convention which closed Friday morning at Christ Lutheran church.

Mrs. C. W. Baker Jr., Duquesne, was re-named vice president; Mrs. E. Martin Grove, Harrisburg, recording secretary; Mrs. Thomas W. Malin, York R. 1, statistical secretary; Miss Grace P. Fuhrman, Baltimore, treasurer, and Mrs. Frederick K. Schwartz, 156 East Water street, Gettysburg, was elected registrar succeeding Mrs. Thomas L. Cline.

Col. Hafer To Speak Here On Armistice Day: Col. George H. Hafer, former acting head of Selective Service in Pennsylvania and now connected with the Judge Advocate General's office at Harrisburg, will be the speaker November 11 at the unveiling of the Honor Roll listing the men and women of Adams county serving in the armed forces.

95 Spotters Given Awards For Services: Ninety-five U. S. Air Force pins were presented to observers at the Gettysburg Aircraft Warning service station at a ceremony Wednesday evening at the Legion home.

Captain Lowell R. Geddes, head of the Aircraft Warning Service in the Harrisburg area, praised the now deactivated post for its "100 per cent service" during the time the station was operating 24 hours a day on the roof of the First National Bank building.

Among the officers receiving pins were Chief Observer Elmer H. Schriver, former Chief Observer W. J. Stallsmith, Assistant Chiefs Richard C. Lighter, Harold Wentz, James Shenk, Robert Gilbert and Glenn Guise; Captains of the Day Robert Smith, James

Today's Talk

YOU CAN

The first of these brief Talks were once published in book form. The book was called "You Can." It went into 20 editions but is long out of print, and I am not sorry. I kept one copy as a curiosity. But what interested me most in the publication was the name. People like to feel, no matter what they attempt, that they will have others tell them they can.

I had a twin sister who went with me through high school at Grinnell, Iowa, and college at Ottawa University, Ottawa, Kansas. My twin was a wonderful person. When anything came up that I doubted I could do, she would come right back at me and say: "George, you CAN!" And so that motto has followed me through my entire life.

Just to say "You Can" to another person, who may doubt his or her ability to do a certain thing, is like adding power to a great machine. No one wants to believe that there is anything he cannot do. Often when it is "impossible" such a person thinks that he can anyway. These two words should be over the door of one's heart throughout life! One of the most inspiring poems ever written by an American poet is that one by Eddie Guest entitled: "It Couldn't Be Done, But He Did It!"

The experts told E. H. Harriman, the great railroad man of several years ago, that his idea of building a bridge across the great Salt Lake of Utah was foolish and couldn't be done! Effort after effort failed, but Harriman told his engineers to go ahead, anyway, and do it. They did. I have gone over that bridge several times. Many said that you couldn't build a tunnel under the Hudson River, but it was done. I get a thrill every time I go through it. Be a You Can person. You'll live longer — and happier.

Tomorrow Mr. Adams will talk on the subject: "A Love of Beauty"

Just Folks

THERE'S NOTHING TO IT I speak from experience, brother; I've tested the plan, and I know

The story they tell one another To lessen the force of the blow.

For years they have worked this old story:

That two live as cheaply as one;

Forget it! It's ancient and hoary; I tell you it cannot be done.

They told it to me, and I tried it; They're telling it now every day;

I think it quite time to deride it. You mustn't believe what they say.

I wonder who started the fable That two live as cheaply as one;

That notion I want to disable; I tell you it cannot be done.

I smile when I hear someone say it, Though once I received it as true;

If youth stopped a moment to weigh it They'd doubt it, as married folks do.

It's really a nice bit of jolly, That two live as cheaply as one;

But in truth it's the wildest of folly; I tell you it cannot be done.

THREE FREED OF CHEAT COUNTS IN U. S. COURT

LEWISBURG, Pa. (AP)—A jury in U. S. District Court Thursday night returned a verdict of innocent for three men charged with conspiracy to cheat the government in connection with Air Force contracts.

The jury of seven women and five men returned its verdict after 5 hours and 10 minutes of deliberation.

On trial in the case were Robert F. McNett, president of Royal Electric Co., Dayton, Ohio; Col. Charles F. Burley, Dayton, and Col. Ralph O. Brownfield, Winfield, Kan.

Burley, his wife and Mrs. McNett broke into tears as the verdict was read. Mrs. Brownfield had tears in her eyes but she was smiling as were her husband and McNett.

Compliments Jury

Judge Frederick V. Follmer complimented the jury for the fine work through the seven-week trial which he said was one of the longest he had tried in a long time.

In closing argument, Asst. U. S. Atty. Gen. Robert Hourigan said the defendants and many of the defense witnesses had been evasive in their answers. He claimed that the government had proved its case beyond any question of a doubt.

Defense attorney Byron Scott said the federal government had conducted an unfair investigation of the case. But he said the evidence had proved the innocence of his three clients.

PEACE ACCENT ON IN MOSCOW

MOSCOW (AP)—The Soviet Union placed the accent on peace today in a Red Square parade celebrating the 41st anniversary of the Bolshevik Revolution.

The display of military equipment contained nothing new. The equipment rumbled past the reviewing stand atop the Lenin-Stalin Tomb in seven minutes.

Marshal Rodion Malinovsky called the tune in a speech hailing the "fight for peace," which he said is "meeting stubborn resistance from the ruling circles of the United States and Britain."

"Thanks to the tireless concern of our people, of the Communist party and the government," the Soviet defense minister said, "the Soviet armed forces have every-

thing necessary to deal a destructive counterblow at the aggressors should they dare to unleash a new world war . . .

"Unity of the Socialist (Communist) camp makes it invincible." Malinovsky's order of the day, published in Soviet papers, called for "revolutionary watchfulness"—indicating a need for alertness against espionage as well as maintenance of military security.

FINE GIVES VIEWS

HAZLETON, Pa. (AP)—Former Gov. John S. Fine thinks David L. Lawrence will make a good governor.

He also thinks governors should be allowed to succeed themselves. This is prohibited by the state Constitution.

Fine, a Republican, made his remarks about Governor-elect Lawrence, a Democrat, Thursday at a Hazleton Lions Club meeting where he was the main speaker.

NEW PLAN FOR CONTRACTORS

HARRISBURG (AP)—A new policy, which will require prospective contractors for state highway projects to pre-qualify themselves, is being put into effect by Lewis M. Stevens, highways secretary.

"The new policy will permit more efficient operation of the contract construction program and speed the award of contracts," Stevens said Thursday.

Under the present system two to eight weeks pass while the department checks the qualifications of contractors who submit bids on state jobs, Stevens said.

The new plan, he said, will require contractors to submit financial statements, performance statements and equipment availability statements twice a year.

The statements will be studied in the department and contractors will receive ratings allowing them to bid up to a specified dollar volume.

Contractors also will be rated on the type of work for which they are eligible, such as roadway construction, bridge construction, landscaping or over-all general construction, Stevens added.

PRAISE FROM IKE

READING, Pa. (AP)—President Eisenhower has told Arthur T. McGonigle, defeated Republican candidate for governor he should be proud of his campaign.

Bullets In Final Home Game Against Hofstra; 13 Seniors To Bow Out

Hofstra College, a newcomer on the Gettysburg College football schedule, will be here to battle the Bullets Saturday afternoon at 1:30 o'clock in the final home game of the season for Coach Gene Haas' squad. The Bullets still have engagements at Temple and F. and M.

The Flying Dutchmen from Hempstead, Long Island, have 19 lettermen who performed on last year's powerful squad which won nine and lost but one. They had high hopes for an unbeaten 1958 season and topped their first three games but then ran into a slump which has now reached three straight setbacks.

Despite the presence of the seasoned vets, Coach Howie Myers will probably use several newcomers foremost of which is Lou Bauer, a six-foot 170-pound sophomore quarterback, whose passing has been brilliant all season. Don Baldwin, 5-11, 190-pound end.

Hofstra Seasoned Squad

Here are the lettermen who will likely see action against the Bullets: Ends, Baldwin, Charlie Buttacavoli, 185; Bill Groom, 179; Mike Manzer, 185, and Ed Wilenski, 196; tackles, Jack Donohue, 195; Bernie Larkin, 231, and Jim Pakenham, 175; guards, George Dempster, 180; Vin Dugan, 175; Ronnie Lamb, 190; Steve Miller, 195, and Chet O'Neill, 133; center, Steve Modzeleski, 205; backs, Doug Lewis, 180; Frank Mauro, 170; Arnie Venditto, 185; Dick Hirschkind, 180, and Ronnie Trezza, 185.

The Dutchmen trounced C. W. Post 34-0, Upsala 34-8, and Bridgeport 22-0 before bowing to North-eastern 24-14, Cortland 8-0 and Muhlenberg 12-0.

In anticipation of a big aerial attack, Coach Haas and his assistants have been stressing pass defense during the workouts this week.

The Bullets, 4-1-1, have suffered no let down after last week's bitter defeat at Lafayette and the entire personnel is determined to wind up the season with a string of three straight victories.

Coach Haas reports that Jim Flood and Dick Davidyock, backs, who had been questionable starters earlier in the week, have recovered and will be ready for full-time duty. Jules Preyst, guard, who saw action against Lafayette after an absence of several weeks, will also be in the lineup.

Seniors In Home Final
Thirteen senior Bullets will be performing on their home gridiron for the final time. They are: Backs, Dick Stravolo, Jim Flood, George Greiner, Ron Venturini and Harry Binger; linemen, Dave Yohn, Arloe Olson, Barclay Boyd, Marty Hoffner, Carl Schoenborn, Jules Preyst, Herb Payne and Henry Coyne.

There will be plenty of music at Saturday's game. Six Adams County scholastic bands will parade around the field prior to the game. They include Gettysburg, Biglerville, Fairfield, Littlestown, New Oxford and York Springs.

At half time the Gettysburg College band will perform. Miss Dawn Burg, senior, will present her final home baton-twirling exhibition after four years as head majorette.

Following the game a buffet party will be held in the college gymnasium in honor of Romeo Capozzi, veteran Bullet trainer. Tickets are \$5 each. The affair is being sponsored by the G-Men's Club of the college.

PINEHURST, N. C. — Mrs. Harrison F. Flippen of Ardmore, Pa. won the inaugural 36-hole North and South Women's Senior Tournament with a 4-over-par 77 for a total of 156.

MAXWELL IN LEAD AFTER TWO ROUNDS

ATLANTA (AP) — Texan Billy Maxwell hoped to keep rolling in those putts today as he began the third round of the \$25,000 Atlanta Open Golf Tournament with a two stroke lead over the field.

The stocky 29-year-old professional from Odessa moved out in front Thursday with an amazing 8-under-par 64 over the 7,004-yard par 72 Cherokee Country Club course record.

Maxwell carded 8 birdies, 4 of them in a row. He had 26 putts, 14 on the front 9 and 12 on the back side. The 64 and an opening round 72 gave him a 36-hole total of 136.

Collins Close
Bill Collins, long-hitting pro from Baltimore who shared the first round lead with Chick Harbert of Northville, Mich., and J. C. Goosie of Knoxville, Tenn., at 68, hung on gamely with a 70 for a two round total of 138.

Harbert and Goosie weren't so fortunate and slipped to 5-over-par 78 for 145 totals.

Four strokes off Maxwell's blistering pace with a 140 was Julius Boros of Mid Pines, N.C., seventh ranked PGA money winner for the year. He had a solid 66 to go with a first round 74.

Casper, Watson Tied
Tied at 141 were Billy Casper of Apple Valley, Calif., and Bob Watson of Ardley - on - Hudson, N.Y. Casper had a 72-69 and Watson a 71-70.

Charlie Harrison of Atlanta with a 73-73 — 146 nose d out fellow townsman Gene Dandabender by a stroke to take low amateur honors.

The field was cut at the end of the round to include players who shot 152 and better and ties and the 10 amateurs. There will be no action Saturday to avoid conflict with the Georgia Tech-Clemson football game. Finals will be played Sunday.

BOOKIES TURN DOWN BETS ON BALLYMOSS

By GEORGE BOWEN
Associated Press Sports Writer

LAUREL, Md. (AP) — The reputation of Ireland's Ballymoss is so great that even the London bookmakers are going to bet on him in Tuesday's International race.

This was the word relayed to day to Laurel track officials by Cyril Parker, managing director of one of England's foremost bookmakers, Ladbrooke & Co.

Parker said that the firm is receiving such "a tremendous amount of money from all over the world" that it will not quote any odds on Ballymoss. It is accepting the bets and offering to pay off at the Laurel track odds if the 4-year-old colt owned by John McShain of Philadelphia wins the seventh International.

Parker added that his bookmaking establishments and others he knows about are receiving no bets on any of the nine other entries in the \$100,000 International, to be run at a mile and one half on the grass.

Unbeatable
It is his own personal opinion that "there isn't anybody in the world that can beat Ballymoss." The colt arrived at Laurel Thursday along with Tharp, an other Irish colt.

BIG GRID TILTS SCHEDULED FOR THIS WEEKEND

By JACK CLARY
Associated Press Sports Writer

The weekend's football activity begins tonight on a paradoxical note. If Saturday's activity follows the trend, it will end the same way.

Syracuse, an Eastern independent not picked to do much before the season, meets Boston University in another step up the ladder to a bowl bid. The Orange is ranked 12th in The Associated Press poll on the basis of its 5-1 record, and last week's 16-13 victory over Pitt.

Boston (3-3) has been up and down all year and faces the nation's seventh-ranked team in rushing defense and top-scoring outfit with 26.7 points per game.

Alabama Vs. Tulane
Down South, Miami University, ranked 15th before the season, has won only once in five starts and has scored a meager 31 points. The Hurricane play a tough Florida State team (6-2).

Alabama, winner of its last two and 3-3 for the season, plays Tulane at New Orleans in a Southeastern Conference game to wind up the major activity tonight.

Saturday the fireworks begin in the Big Ten, while the rest of the conferences are comparatively quiet. There are a number of inter-sectional games.

Top In Big 10
The top game in the Big ten pits fourth-ranked Northwestern against Wisconsin (No. 7). Dick Thornton and Ron Burton, who led the Wildcats to their 21-0 victory over Ohio State last week, will face a Wisconsin defense that has allowed only 6.7 points a game in running up a 4-1-1 record. Northwestern is 5-1.

Iowa conceivably can take all the Big Ten marbles and a spot in the Rose Bowl if it defeats winless Minnesota, if Ohio State loses to Purdue and Wisconsin beats Northwestern.

Iowa, second-ranked, has a 4-0 conference record. The Gophers haven't won in nine games.

Army Meets Rice
Top-ranked Army travels to the Southwest for the first time, to meet Rice (No. 13) in the top inter-sectional game. Halfback Pete Dawkins and fullback Harry Walters are both ready for offensive duties after injuries, bolstering the Cadets' top-ranked offense.

The nation's top defensive team, Auburn (No. 5), has an SEC game with Mississippi State, which has lost two in a row but ranks 10th in total defense. Oklahoma (No. 6) has a Big Eight Conference date with Iowa State.

Ninth-ranked Mississippi plays non-SEC member Houston, but the game is counted in the SEC standing since Ole Miss could not schedule the required minimum of five conference games.

Tatum Seeks 100th
The Air Force Academy (No. 10), with only a tie against five victories, plays Denver (2-5). Texas Christian (No. 11), winner of its last four, plays Marquette in an inter-sectional tilt, while Notre Dame (No. 14) has an inter-sectional date with Pitt (4-2-1) in Pittsburgh. This game will be regionally televised in the East.

Jim Tatum goes after his 100th victory as a head coach when North Carolina (No. 15) plays Virginia in the day's only ACC game.

Seventeenth-ranked Clemson the ACC leader, plays Georgia Tech while undefeated Rutgers (6-0), ranked 18th, meets Lafayette.

The day's other television attractions find Illinois at Michigan in the Midwest regional telecast, Nebraska at Kansas in a Big Eight telecast and Stanford at Oregon in the Far West regional telecast.

The Pacific Coast Conference also has its leader, Oregon State (5-2), meeting Washington State (4-3) while runner-up California (4-3) faces UCLA (2-5).

BINGER AMONG TOP PUNTERS

Statistics for the University Division of the Middle Atlantic Conference reveal that Harry Binger, Gettysburg back, has the third highest punting average in the division. Binger has compiled a 35.6 yard average on nine kicks. DeFlavis, Lehigh, leads with a 37.3 average on 15 punts.

The top five scorers in the division are: Nikles, Lafayette, 48; Austin, Rutgers, 40; Simms, Rutgers, 32; Bartos, Lafayette, 28, and Owens, Muhlenberg, 22.

Gettysburg holds the top spot in the defensive departments. The Bullets have given up 461 yards on rushing and 194 on passing for a total average of 164 yards in four games. On the offense the Bullets have made 737 yards rushing and 93 in passing.

LAUREL, Md. — Royal Holiday (\$112) the longest hazard in a 7 horse field won the feature by 1/2 length at Laurel where Velis and Spangle combined earlier for a 8-10 daily double of \$1,081.80.

Play Last Home Game For Delone

John Gastley, one of the finest high school football players to come out of Gettysburg in many years, will lead eight seniors in their last home game for Delone Catholic High School Sunday afternoon. The Squires will tangle with Bishop McDevitt High School, Harrisburg, for the championship of the Central Penn Catholic Football League.

The eight gridgers shown above are, bottom row, left to right: Wayne Sponseller, Don Weaver, John Gastley and Earl Laughman, all backs. Top row: Mike Staub, center; Jim Roy, guard; George Tomassy, tackle, and Paul Gebhart, end.

PAY \$105,000 FOR HANOVER RACE HORSE

By ORLO ROBERTSON
Associated Press Sports Writer

When Stanley Dancer stepped into the standardbred auction ring at Harrisburg, Pa. Thursday and paid a record \$105,000 for a yearling he took one of the biggest gambles in sports history.

A check of the records show that very few high priced yearling trotters, pacers and thoroughbreds have performed to expectations.

The \$105,000 for Dancer Hanover by a six-man syndicate, headed by the New Egypt, N.J., trainer-driver, was the highest ever paid for any yearling. Until the Son of Adios from the Hanover, Pa. Farms consignment was knocked down to Dancer, the record was \$87,000 by Mrs. M. E. (Liz) Lunn in 1956 for the runner, Rise N' Shine.

Disappointments
The previous highest priced yearling trotter or pacer was Imperial Hanover, knocked down to J.J. McIntyre of Hollins, Va., in 1949 for \$72,000.

It could be that Dancer Hanover will be an exception to the rule. For he comes of the best pacing stock. His sire was sold by Del Miller to the Hanover Farms for a half-million dollars after a brilliant racing career. And in the stud Adios Harry, the world's fastest pacer and leading money winning standardbred.

But Imperial Hanover never showed much. Neither did Josie's Victory and Junior Executive, for whom the Allwood Stable of Far Hills, N.J., paid \$42,000 and \$55,000 respectively.

BROWNS OUT FOR REVENGE

CLEVELAND (AP) — The Detroit Lions have always been a thorn in the side of the Cleveland Browns.

Going into Sunday's game at Municipal Stadium the Browns have never won a regular season contest from the Lions. In four championship games the Browns were victorious only once, in 1954.

Who can forget that 54-14 pasting the Lions handed the Browns in last year's National Football League championship game?

On the wall of the Cleveland dressing room at the league park practice field is a clipping describing the Lions' runaway championship victory. Specially marked is a paragraph quoting Joe Schmidt, Lions linebacker and captain, which says:

"Cleveland isn't a hard team any more. They're not as tough as they used to be when they had (Otto) Graham and some of those guys."

A big, black pencil mark underlines Schmidt's concluding sentence: "They don't hit as hard."

MEMPHIS — The minor league realignment plan collapsed when the Texas League and the American Assn. failed to reach an agreement.

Top Games At Biglerville And Carlisle Tonight

A pair of games tonight and another Sunday afternoon hold the attraction for local scholastic football fans. All promise to draw big crowds.

Gettysburg High journeys to Carlisle to meet the South Penn League leaders. Although the Warriors are the underdogs, they have high hopes of spilling the Thundering Herd.

A pair of intra-Adams County rivals tangle at Biglerville where the Camers take on Littlestown. Records can be tossed out the window for this one in which many upsets have taken place in years. Littlestown will seek its eighth victory in a row while Biglerville goes after its second win. It marks the end of the campaign for both schools.

Big Sunday Clash
The Sunday game at McSherrystown will settle the championship of the Central Penn Catholic League. Delone is 3-0 in the league while Bishop McDevitt of Harrisburg is 1-0. The Harrisburg outfit has been established as a slight favorite in another game in which past records mean little. The kickoff will be at 2 o'clock.

SWEDISH BOXER MAY NOT VISIT UNITED STATES

GOTEBORG, Sweden (AP) — Swedish heavyweight Ingemar Johansson, the European titleholder, will not go to the United States if he cannot fly the shorter distance over the North Pole. Edvin Ahlquist said today. Ahlquist is a boxing promoter and former manager of Johansson—now his advisor.

"The American sponsors who invited Johansson to visit Seattle have changed the travel plans three times, which is a little too much. Now they want us to go via New York which nearly doubles the travel distance compared with the North Pole route. This is impossible because Johansson will not have time for that. He has his program here in Sweden with exhibition matches which he promised long ago."

Ahlquist said he will inform the sponsors—a Swedish-American organization in Seattle—of his decision today.

"But if we can agree we will leave for San Francisco on Nov. 18 and go to Seattle via Los Angeles," Ahlquist added.

About the program for the 10-day tour, Ahlquist said he has given no promises for a six-round exhibition match against Harry "Kid" Matthews.

"We are invited to a banquet and a television appearance—that's all we have promised," he said.

"PAT" WEAVER, YOUR INSURANCE MAN, SAYS:

The automobile insurance industry has made available several attractive optional coverages, in addition to the usual liability coverages on "the other fellow" and the physical damage coverages on your own car. These coverages are:

(1) Death and Disability Benefits. This pays a specified sum if the insured is killed or injured in an automobile accident, including being struck by an automobile, as outlined in the policy. In this County, a yearly premium of \$2.50 will buy \$5,000 Death Benefit and \$5,000 Specific Disability benefits.

(2) Weekly Indemnity Benefits. This coverage pays a weekly benefit in case of total disability as a result of an auto accident. In this County, a yearly premium of \$3.00 will buy \$25.00 a week benefit.

(3) The Family Protection Coverage, otherwise known as the Uninsured Motorist Coverage. This pays you for your personal injuries when the other fellow is at fault and does not have insurance. Also covers your family, and any other person injured while riding as a passenger in your automobile. Covers your injuries also by a hit-run driver. In this County, a yearly premium of \$3.00 will pay for this valuable coverage.

(4) Extended Medical Payments. Most people now have this coverage on their auto policies. It pays the medical bills, up to a specified sum, of any one riding in your car, and you riding in any car, regardless of who is at fault in the accident. In many cases an extended lawsuit is resorted to in order to determine who should pay the Bodily Injury claim, but the Medical Payments will pay immediately. It may be considered a sort of accident insurance on you and your passengers, and your family.

(5) Towing and Labor Costs. For \$2.50 a year, you can purchase up to \$25 for each disablement.

None of the coverages described above are required by law, but may be added to your auto policy at your request.

TWO WORKMEN ARE KILLED BY ROCK SLIDE

SILETZ, Ore. (AP)—A hillside covered with logs and huge rocks tumbled down Thursday on four men clearing an earlier slide from a mountain logging road.

Two workmen were caught and killed by the slide. Another was buried but dug his way out. The fourth was pelted with rocks but scampered to safety.

The giant slide—300 feet wide and 800 feet long—buried and killed Harley Norton, 50, and Peter Jacobs, 44, under three feet of mud and debris.

Ronnie Olman, about 30, jumped under his tractor. The tractor was buried, but he dug his way out.

Just Missed Him

Jim Bergen, about 30, was working when he saw the slide. "I slapped Jacobs on the shoulder and said 'Let's go—run,'" Bergen said.

Bergen said he, Jacobs and Norton began running along the road. "I ran 100 yards," he said, "I heard a big roar behind me. And then I was pelted with small rocks. When I looked back I was the only one there. The slide had just missed me."

Five hours later a crew of men found the bodies of Jacob and Norton.

To Ask Repeal Of 22nd Amendment

PROVIDENCE, R.I. (AP)—Sen. John O. Pastore (D-R.I.) says he will ask the new Congress to repeal the 22nd Amendment, which limits presidents to two terms.

He said he is convinced the "lame-duck strait jacket" in which the amendment encased President Eisenhower was partly responsible for Tuesday's Democratic landslide.

Pastore, who was re-elected Tuesday, also said in an interview: "The only Republicans elected to the Senate were anti-Eisenhower Republicans like Barry Goldwater. Nixon even went to Boston and advocated a tax cut. The President can't keep anybody in line. Everybody's jockeying for power. A week before the election the whole Republican organization was in a state of confusion."

"It's the longest interval between multiple births in my experience," said Dr. Rene DuMontier.

The parents are Mr. and Mrs. Henry Koelsch of O'Fallon, Mo.

Past Grands To Meet On Monday

The Adams County Past Grands Association will meet on Monday evening with Sylvania Lodge No. 613, Independent Order of Odd Fellows, Littlestown, in the lodge room on E. King St. The program will include a male quartet from Westminster High School, accompanied on the piano by Herbert J. Sell, of town, an instructor in the music department there. There will also be a picture and slides by Miss Janet Royer, of Taneytown, on a recent trip to Puerto Rico.

BROWNIES ON HIKE

The Brownies of Troop 51 held a nature hike on their Tuesday meeting. The girls, accompanied by leaders Mrs. Chester S. Byers, Mrs. L. Robert Snyder and Mrs. Clarence J. Krichen Jr., hiked from the engine house to St. John's Church grove, near town. The 1959 Girl Scout calendars were distributed to the Brownies, and those who were not present to receive their calendars may get them at the home of Mrs. Byers on E. Myrtle St.

IT'S PAY DAY BUT NO CHECKS

NORRISTOWN, Pa. (AP)—It's pay day today for the city's 52 policemen but they won't get their checks because they're working a 40 hour week.

Burgess Merritt W. Bosler recently ordered the work week cut from 48 to 40 hours without reducing wages. But the Borough Council held a special meeting Thursday night and decided not to issue pay checks for the Oct. 19 to Nov. 1 period.

The councilmen said Bosler had exceeded his legal authority by, in effect, setting policemen's wages. That's their job, they said. "If Bosler re-imposes the 48 hour week," one councilman declared, "the pay checks will be paid."

Bosler got to his feet and refused. The gallery of policemen, their wives and children cheered. The reduced hours mean overtime or increasing the force.

"I will stand on my convictions," said Bosler, whose job corresponds to that of a mayor.

FIREMEN LIST
NOMINEES FOR
DEC. ELECTION

Alpha Fire Company No. 1 met on Wednesday evening in the engine house with 12 members in attendance. Nominations for the slate of officers to be elected at the December session were closed, when the officers will be chosen from the following nominees: President, Walter C. Myers and Clair J. Redding; vice president, Richard B. Hartlaub and Edward L. Warner; fire chief, Glenn E. Ohler; truck foreman, Dennis S. Wallick and Levi Hull; secretary, Harry W. Badders; treasurer, Paul E. Altoff; chief nozzleman, Jack E. Rebert and James P. Hahn; drill captain, Bernard G. Kebil; trustee on relief committee, Edward G. Loeffel, Burnell R. Keagy and Henry E. Waltman.

The following election board will conduct the election on Tuesday, December 2: Harry W. Badders, chairman, Fred A. Miller and Joseph H. Redding. The polls will be open from 6 to 8 p.m. in the engine room on that day.

The meeting was in charge of Leslie Shinham, and opened with group singing, prayer in unison. Secretary Badders gave his report. Jack H. Crouse reported for the transformer committee, and Paul E. Altoff submitted prices on liability insurance. These and the matter of re-installing the fire siren on the roof of the engine house, for better sound coverage, were tabled.

Three Fire Calls
Bernard G. Kebil listed the equipment needs and prices of them, for the service truck, such as collapsible stretcher, nozzles, two salvage covers 14 by 18, and a life belt. The prices on all these items were slightly over \$300 and the committee authorized the purchase of the equipment. It was also decided to purchase a hose cover for the new International truck, and the choice will be made as soon as a third item is received.

Fire Chief Glenn E. Ohler reported three calls during the month, a barn, a tractor and some waste, with a total damage of \$10,800. It was suggested that all truck drivers make themselves available each Saturday to become familiar with the operation of the new truck, especially the newly selected drivers, so in case of emergency they will be ready to drive it.

Bills were ordered paid amounting to \$169.04. Receipts of the evening were \$43.10 and included donations from two different persons for services rendered by the company. The cheer committee, which includes President Shinham, Secretary Badders and Treasurer Altoff were instructed

NO "ORGANIZED
CUT" TUESDAY
BY DEMOCRATS

HARRISBURG (AP) — John S. Rice, secretary of the Commonwealth, says Democratic voters were not responsible for the defeat of Gov. George Leader in his bid for election as U. S. senator.

Rice, who managed the Democratic campaign, told the television panel "Capital Correspondents" (WTPA) Thursday night that "there was no organized cut anywhere" in the Democratic ranks.

Rice declared that "the Democratic vote stayed pretty much in line for Governor Leader, but not as many Republicans voted for him as for Mayor (David L.) Lawrence," successful Democratic gubernatorial candidate. He was asked about the loss of Allegheny County by Leader, while Lawrence carried it with a substantial majority.

This is not difficult to understand, Rice said, because Lawrence is well known as mayor of Pittsburgh and had the endorsement of the major newspapers in the area.

In addition, he said the Republicans, state-wide, "put a lot of effort on Hugh Scott," their successful candidate for the U. S. Senate, which had the effect of working against Leader.

ON "NATURE QUEST"

A Nature Quest was held at the weekly meeting of Girl Scout Troop No. 45 on Wednesday after school, at the engine house. Each patrol made a list of six items to be found, exchanged lists with another patrol and went out-doors to obtain them. Fifteen minutes were allotted and all of the patrols were successful. The quest was supervised by Mrs. John Kump and Mrs. John H. Flickinger, leaders, and Jacqueline Morelock, troop aide. It is requested that the Girl Scout calendar money be returned as soon as possible. Next Wednesday, the girls are asked to take along to the meeting, 3:30

to visit ill members of the company which program was carried out on Thursday evening. At the conclusion of the business, refreshments were served by Robert Crouse, Robert Ohler and James P. Hahn, who will also serve at the next session on Tuesday, December 2, at 8 p.m.

MONTY SCOFFS DARE TO DUEL BY ITALIAN

LONDON (AP) — Field Marshal Viscount Montgomery turned down Thursday a challenge to a duel with an infuriated Italian eager to avenge the honor of Italy.

The controversial British military leader published his memoirs this week and was particularly scathing about the fighting qualities of Italian troops.

Monty, informed by newsmen of the Italian's offer to settle matters on the field of honor, said he would be "delighted to receive the challenge."

"But I shall do nothing about it except frame it," he added, "and stick it on the wall."

The field marshal was openly intrigued by the challenge.

EMMITSBURG—The American Legion met in the post home Tuesday evening. Commander Joseph Rodgers conducted the meeting with 42 members present. Bloor donors for the past month

quired politely when a reporter told him of the challenge.

London newspapers said the gauntlet had been thrown down in Rome by Vincenzo Caputo, describing himself as "national president of the Italian Nationalist Assn."

The challenge, said Caputo, had been sent "in defense of the prestige of the Italian nation and of the honor of its army, unjustly outraged by defamations founded on falsehood and lies."

In his memoirs, Montgomery said Italian troops were "unreliable when it came to hard fighting" and described Italy's change of sides in World War II as "the biggest double-cross in history."

Egypt, Japan Will Sign Trade Pact

CAIRO (AP) — Egypt and Japan will sign a new trade payment agreement Saturday, Japanese sources said Thursday.

The agreement is reported to contain five main clauses and to call for the exchange of 60 million dollars worth of goods in one year on a cash payment formula.

A Japanese delegation arrived Oct. 8 to negotiate the agreement.

The sources said the agreement calls for Japan to export 25 million dollars worth of goods and import 35 million dollars worth of cotton and other Egyptian products.

BUDAPEST (AP) — The Budapest Municipal Court has sentenced 40 Hungarians to jail for cheating the Communist government on repairing damage from the 1956 revolt. The sentences are subject to appeal.

The judge said the defendants billed the government for fictitious repairs to undamaged houses and sometimes collected twice for work they did. Their total take was put at the equivalent of about \$100,000.

TABULATING ERROR TAKES VICTORY AWAY

ALTADENA, Calif. (AP) — Somebody pushed the wrong button on a tabulating machine and for a few hours Rudd Brown, the granddaughter of William Jennings Bryan, thought she was a congresswoman.

But in the gray dawn Thursday she was awakened by a reporter and informed that because of a 10,000-vote counting error she is still just Mrs. Brown, private citizen, and her Republican rival, veteran incumbent Rep. Edgar W. Hiestand, was re-elected in the 21st District.

"I'm disappointed, naturally," said Mrs. Brown with a yawn, "but I knew it was possible, even last night. I know there always can be an error."

10,000-Vote Error

County Registrar of Voters Benjamin Hite said Hiestand should have been credited earlier with 33,000 votes at a time when he was given only 23,000.

"Somebody," said Hite sadly, "pushed a wrong digit."

Mrs. Brown was asked if she will try for public office again. "Well," she said with a sigh, "I'll have to think about that for a couple of days."

Mrs. Brown, an attractive 30-year-old brunette, is the wife of Harrison Brown, a well-known scientist at nearby California Institute of Technology. Her mother was the late Ruth Bryan Owen Rohde, who was congresswoman from Florida in 1928 and this nation's first woman envoy, appointed by President Roosevelt in 1933 as minister to Denmark.

Homeowner Policy Gives Wide Coverage

The new Homeowners' policy currently being offered by Harry D. Ridinger, who has offices in the first block of Carlisle St., near Lincoln Square, provides a score of important coverages in a single policy.

"The new Homeowners' policy has been specially designed to cover the major insurance needs of the homeowner . . . all in one neat package," Mr. Ridinger said. "All of this is provided at a substantial saving in cost. We will be glad to compare the coverage and cost of this policy with the insurance policies now being carried by any property owner."

Mr. Ridinger continued: "Many are the perils that threaten 'home sweet home' but the new Homeowners' policy is designed to set your mind at ease. Not only does it provide protection against fire loss but also against many other causes of loss.

Comprehensive Liability Too

"The Homeowners' policy protects your furniture and other personal property on your premises against these same perils. Another good feature — household and personal property away from home are covered anywhere in the world up to 10 per cent of the amount of 'on premises' insurance.

"This policy also includes Comprehensive Personal Liability Insurance providing financial protection in the event of liability suits resulting from bodily injury or property damage. It covers sports and other non-business activities of you and your

family (even pets) at home and away from home. When such accidents involve injuries to others, their medical bills are paid regardless of your legal liability.

"Robbers, burglars and other such troublemakers are ever with us. The new Homeowners' Policy provides insurance against theft, burglary and robbery, both at home and away from home, including theft from private passenger motor vehicles except that any such theft from vehicles on public ways, public garages or public parking lots must be the result of forcible entry.

"Here are a list of the types of coverage this single policy provides: Fire, windstorm, lightning, aircraft and vehicles, riot and civil commotion, falling trees, vandalism, smoke damage, rupture of heating systems, water escape from plumbing and heating systems, medical payments, guests, pets, sports, children, burglary, robbery, theft and holdup.

"And here's another important feature. If a fire forces you to move out of your home, this policy pays additional living expenses such as hotel and restaurant bills during the time required to repair or rebuild your home.

"With this new policy you have broad insurance protection and have the advantages of one policy, one agent and one company. Best of all this modern policy is a good buy. You get more protection for every premium dollar."

Cooper Drama Of West Soon At Majestic

In the action-packed Western drama which will open next Wednesday as the Majestic Theater here and continue through Saturday, November 15, Gary Cooper is starred in a role "that fits him like a gun fits a holster," according to advance press notices.

It is the title role in "Man Of The West," in which he is starred with Julie London, Lee J. Cobb, Arthur O'Connell and Jack Lord. The Walter M. Mirisch production was filmed in color by DeLuxe in CinemaScope. Anthony Mann directed and Reginald Rose wrote the screen-play.

"Man Of The West," based upon Will C. Brown's novel, is a suspenseful story of powerful personalities — good and bad — wherein Gary Cooper, as Link Jones, a reformed bandit and killer raised in the ways of Western violence by his uncle (Lee J. Cobb), is tossed by circumstances back into the clutches of Cobb's gang several years after he left them to go straight.

Julie London, famous singer, is back to straight drama in her "Man Of The West Role." Although she sings the title song of the film, her role of a frontier chanteuse calls for a dramatic, non-singing interpretation.

Arthur O'Connell, who portrays a card-sharp on the lam from the authorities, reached recognition after twenty years of obscurity in show business, with his portrayal of the reluctant suitor in the Broadway production of "Picnic." Jack Lord plays the part of Cooley, a hulking brute, to whom Cooper administers a terrific beating after Cooley forces Julie London to strip at gunpoint. Lord made his Broadway mark as star of "Cat On A Hot Tin Roof."

SOIL RESEARCH IS BEING URGED

HARRISBURG (AP) — Representatives of five states have urged the U. S. Agriculture Department to establish a regional soil research laboratory for the northeastern section of the country.

The Pennsylvania Department of Agriculture had recommended that such a lab be located in Pennsylvania. However, no specific location was mentioned at a meeting Thursday conducted by the Federal Agriculture Research Service.

The states of New York, West Virginia, Maryland, New Jersey and Pennsylvania were represented at the hearing, one of 14 being held by the agency throughout the nation to determine whether there is any need for additional soil research laboratories.

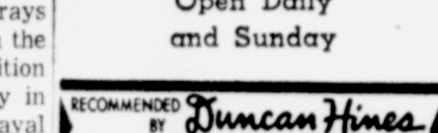

The representatives of the five states pointed out that the nearest laboratory is in Ohio. Data from this lab doesn't always apply to eastern seaboard states, they said.

The representatives also said irrigation, farm pond construction and the effect of environmental factors on small watersheds in this part of the country should be studied.

Postal rates between Washington, D. C., and the West Coast on the Overland Mail in 1858, was 10 cents a letter.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	John	17	21-26
Monday	Matthew	18	20
Tuesday	Luke	24	13-32
Wednesday	Acts	2	42-47
Thursday	Acts	20	28-35
Friday	Mark	10	42-45
Saturday	Romans	15	1-7

It was Sunday morning. I had stopped only long enough on my journey for an hour of worship. The church was almost filled when I slipped into my seat. I knew no one. Yet between me and these worshippers there was a bond of fellowship. I bowed my head in worship of our Lord.

Then I thought of those in distant lands who must worship the Christ amidst ridicule and persecution. They too were my brethren and I prayed for them.

Through the church rang the triumphant notes of the opening hymn "Faith of our Fathers, Living Still."

My heart and my voice sang together as I remembered those of old who had labored and died that the Church might live. With fellow Christians, whom I did not know, I sang my promise:

"Faith of our fathers, holy faith
We will be true to thee till death."

If only everyone knew the joy and satisfaction that my faith brings to me! Start attending the services of the Church—and your life too will be enriched by that bond of Christian fellowship that has sustained millions through the centuries.

Sunday School Lesson

By H. R. and M. C. Gold

JESUS DESCRIBES DISCIPLESHIP

Matthew 5: 1-12

Key Verse: You are the salt of the earth . . . You are the light of the world. Matthew 5: 13-14.

Matthew and Mark dwell almost entirely upon Jesus' Galilean ministry. Jesus' sayings had been repeated orally for years among Christians long before the synoptic Gospels were written. Very little is known about Matthew except that he was humble, devoted to our Lord, and called himself a "publican." Tradition has it that his Gospel was written originally in Hebrew, and that years later, possibly between 60 and A.D. 70, he wrote a complete edition in Greek.

The Beatitudes as recorded in Matthew 5 are a part of the Great Sermon on the Mount. All the central teachings of Jesus seem to be gathered together in this magnificent Sermon. Jesus was really speaking to those who had answered the call to discipleship and was outlining standards of conduct for those who would follow the Christian way of life.

Accept Teachings

The word "blessed" is used nine times in the Beatitudes and indicates joy as "O, how fortunate, how happy, you are!" This would certainly be true if anyone of us could begin to measure up to these standards or regulations. The introduction was intended for His disciples, not for the curious or critical ones in the crowd. Those who will inherit the kingdom of heaven are those whom Jesus can reach and teach and who will accept His teachings eagerly.

These Beatitudes are different from anything that modern society offers because they make one examine the inner life. Each one of them emphasizes that worldly wisdom is of little value. Some of the people with whom Jesus dealt such as the Pharisees and other Jewish religious leaders were cold and disparaging in their judgments. The Romans despised those who were weak for they hated pity. They could never understand the Christians and would never have listened to "Blessed are the peacemakers, for they shall be called sons of God." Enmity and hatred hinder God's plan. We either help or hinder humanity.

Jesus had the ability to look ahead and see that the early church would suffer. In His last discourse He told the disciples, "If the world hates you, you know that it has hated me before it hated you." Jesus never tried to conceal the fact that His disciples would suffer and be persecuted for their faith. This became a grim reality when the Christian faith was declared illegal in the Roman Empire, and individual Christians were considered conspirators. This is when Christ's followers went "underground" in the famous catacombs of Rome.

But these who were and are still being persecuted for Christ's sake have the comfort and assurance of the Beatitudes, and have disciplined themselves in being merciful patient, and courageous.

ATTIC FULL OF CASTOFFS CAN POSE PROBLEM

By DOROTHY ROE

Associated Press Women's Editor
"Let's save it—it might be valuable someday."

They seem like harmless words, but don't let that fool you. We've been saying them in my family for the last 20 years—ever since we bought that big house in the country and acquired an acre of attic space.

So everything not in immediate use went into the attic—the fancy dress costumes from old masquerades, the broken toys, the outgrown baby clothes, the antique chair with the broken arm, and all the old furniture that migrant friends asked us to store.

Day Of Reckoning

Came then the day of reckoning. The house was sold. We were faced with the problem of reducing 14 rooms of furniture, bric-a-brac and the residue of years into what would fit into a moving van and then into six rooms.

The forgetful friends suddenly remembered their priceless heirlooms in the attic. They sent itemized lists and closed by saying: "Just pack them up and send them to us here. And be sure you don't break anything."

The children arrived for the weekend, to lend a hand and salvage old treasures. The children's friends, and friends of friends, arrived in hopes of furnishing newly acquired apartments. The great attic hunt began.

CONVERSATION GETTING MORE TV ATTENTION

By CHARLES MERCER

NEW YORK (AP)—People who call conversation an "art" usually are snobs of a sort and those who decry its decline these days often are social bores who recently have been chopped off in mid-sentence.

Because two cannot talk at the same time and be heard, conversation is necessarily a series of monologues. The only art involved is to make your monologue as interesting and — at all costs — as brief as possible.

Accent On Conversation

Surprisingly, television has been taking more cognizance of conversation this season.

Edward R. Murrow's Small World (CBS-TV) on Sundays is an outstanding example of highly cerebral conversation. Another example, with its focus anatomically somewhat below the cerebrum, is the Jack Paar Show (NBC-TV).

Paar is an excellent conversationalist who can run a fast pace among lofty ideas when he wishes. Wisely, however, he knows that a midnight audience does not care much about the great big issues of the world. So he is basically doing a suspense—or, what's he going to say next?—conversation program.

In the field of conversation a line or two of television history must have been written this week

Count Of Votes Delayed 8 Hours

WESTON, Mass. (AP)—Even as a Democratic sweep was being tallied through Massachusetts, town officials couldn't find enough of them to sit up through early Wednesday.

And for lack of Democrats, the vote count in Weston had to be suspended about eight hours.

The law requires a bipartisan count of ballots. Republicans were on hand all right, but there were no Democrats, so the count was held up at 1 a.m.

Finally, at 9 a.m., officials arranged to have some seminarians — registered Democrats — come over from the Jesuits' Weston College to watch the tallying.

Answers Phone And Loses His Wallet

SEATTLE (AP)—Darwin Barker was awakened by a man at the foot of his bed who told him to "go answer the phone."

Groggily with sleep, Barker staggered into another room to the telephone. The ringing awoke him completely.

He rushed back into his bedroom but by that time the man was gone. So were Barker's trousers, wallet and \$125.

when Jackie Gleason appeared every day on Arthur Godfrey's morning show (CBS-TV). The two sat around and beat their gums with some of the most entertaining results visible on daytime television this season.

Why Not More?

Whether they were talking about television critics or Dalí's mustache they were always fun to listen to. Each is a man of positive personality, and in the course of the week they buried deep the old myth that two positive personalities cannot carry on entertaining conversation.

Watching and listening to Godfrey and Gleason could make you wonder why there isn't more of this sort of thing on the home screen—in the daytime or, preferably, the evening.

DOESN'T CARE IF GIRL FRIEND LIVES OR DIES

LINCOLN, Neb. (AP)—Killer Charles Starkweather says he doesn't care whether his ex-sweetheart Caril Ann Fugate lives or dies.

But testimony of the 19-year-old, himself condemned to death, stood today as the most damaging to date against Caril, 15, charged with first-degree murder on the identical counts on which Starkweather was convicted.

Starkweather completed a dramatic two-day appearance at Caril's trial Thursday. Prosecutors expected to rest their case today after introduction of a statement taken from Caril after her capture. Its contents have not previously been divulged.

Willing Accomplice

Starkweather pictured Caril as his willing accomplice on a killing spree last January.

He disowned as "a bunch of hogwash" his earlier statements which portrayed her as an unwilling helper.

He lied to protect the girl, he said.

In fact, he related, some stories he told were fabricated jointly by Caril and himself while they lived together for several days at Caril's home after Starkweather killed three members of Caril's family.

Caril is charged with aiding and abetting Starkweather in the shooting of Robert Jensen, Benet, Neb., schoolboy. Jensen is one of Starkweather's 11 admitted victims.

Aurora's Mayor Guilty And Silent

AURORA, Ill. (AP)—Paul Egan, the usually voluble mayor of Aurora, was silent Thursday after he was convicted by a jury of disorderly conduct and fined \$157.20.

Egan, who has been feuding with Police Chief Donald Curran and the 68-man police force, did not testify during the four-hour trial presided over by Justice of the Peace Albert W. Zettinger. He had no defense witnesses.

Curran and two other witnesses testified against the 60-year-old mayor, who was arrested by Curran Oct. 14 at a meeting Egan had called in an attempt to mobilize citizens to replace the police force.

Egan's City Attorney Sidney Podolsky asked the verdict be dismissed on grounds the state law provides that the maximum possible fine on the charge is \$100. Egan's fine was \$141 plus costs of \$16.20. Zettinger said he would take the motion under consideration.

GOVERNOR TO SPEAK TODAY AT CONFERENCE

HARRISBURG (AP)—Gov. George Leader and Dr. Shane McCarthy, executive director of President Eisenhower's Council on Youth Fitness, were the main speakers for the Governor's Conference on Fitness today.

The topic of Leader's speech at the two-day conference was "The Responsibility of the Commonwealth for Fitness." McCarthy's topic was "Implementation of Fitness Plans."

Thursday Dr. Charles H. Boehm, superintendent of public instruction, called for an expansion of Pennsylvania's youth fitness program.

Cites Over-emphasis

Speaking to some 300 people attending the conference, he said: "A youth fitness program will be just as important to the future welfare of all of our population as academic and technical achievements and will also contribute immeasurably to the national defense requirements of the United States."

"We question the wisdom of the current over-emphasis in education to provide elaborate facilities for spectators as a public relations policy rather than placing the health of all youth first."

GREYHOUND BUS STRIKE IS SETTLED

CLEVELAND (AP)—A day-long wildcat strike that partially crippled Eastern Greyhound lines' operations in 20 northeastern states appeared ended Thursday and buses were rolling throughout the system.

A. C. Wood, director of publicity, said the strike ended the way it started—with no notice. He said no agreement has been reached on a new contract with the union.

Negotiators for both sides talked far into Thursday morning, and a federal mediator worked with them in an effort to reach agreement. They adjourned at 5:30 a.m. (EST).

One source said officers of the international had ordered the strikers to get back to work.

Operations resumed throughout the system amid reports that a contract settlement had been reached.

Issues in the contract dispute have not been spelled out by either the bus line or the Amalgamated Assn. of Street, Electric Railway and Motor Coach Employees. Wages, seniority and fringe benefits reportedly are involved.

The first walkout in a series that spread throughout the midwest and northeast part of the country began in Pittsburgh before dawn Wednesday.

Pickets soon appeared in other cities, and service halted at terminals here and in Cincinnati, Columbus, Philadelphia, Harrisburg, Washington and parts of New York. Some runs from Chicago and Detroit were cancelled.

LAND SUPPLIES IN RED LULL

QUEMOY (AP) — A Nationalist supply convoy landed ammunition, dynamite and food for the Quemoy Islands Thursday while the Communists were observing a no-shelling day.

The convoy—three LSTs escorted by a patrol vessel—was the third to land supplies this week. The other convoys also took advantage of no-shelling days on Sunday and Tuesday.

Roads on Quemoy were like an American parkway on a holiday, with soldiers and civilians utilizing the lifting of gunfire to get a bit of sunshine.

The Communists have said they will do no shooting at supply areas on even-numbered days of the month. They have not promised to exempt other areas, but today no shells fell anywhere.

To Try For Closer Scrutiny Of Moon

GREAT LAKES, Ill. (AP) — A Navy balloon carrying two scientists will be launched Sunday near Rapid City, S.D., in an effort to learn whether there is enough water on the planet Mars to support plant life.

The Navy said Wednesday Cmdr. Malcolm D. Ross of the Office of Naval Research and Prof. John Strong of John Hopkins University hope to ride the balloon to 80,000 feet after it is launched at 3 p.m.

Using a 16-inch telescope, the balloonists hope to get a much sharper view of Mars than is possible from the earth's surface. They will be above much of the atmosphere and its water vapor.

If the launching is successful, the scientists will ride the sealed gondola-carrying balloon to earth in the Chicago area sometime Monday.

BABY GIVEN TO GRANDMOTHER

NANTUCKET, Mass. (AP) — Permanent custody of Cindy Lou Young, 22-month-old survivor of a Northeast Air Lines plane crash here last August, has been given to her great grandmother, Mrs. Dirjke Lamens by Nantucket Probate Judge Jeremiah J. Sullivan.

Cindy Lou was snatched from death out of the arms of her mother, Mrs. Macqueline Young, 18, who was trapped by her seat belt and died in the flaming plane. John Shea, a New York lawyer, one of nine persons to escape the crash, saved the child.

The accident took 24 lives.

Judge Sullivan's decision, announced today, brought at least a temporary end to a legal battle between Philip Young, 22, of Dayton, Ohio, the child's father and her grandparents, Mr. and Mrs. Arnold Duce of Nantucket for custody.

20 Days To Appeal
Young has 20 days to appeal the decision.

In making his decision to place the child in care of Mrs. Lamens, a 69-year-old widow, Judge Sullivan rejected the individual pleas of the Duce couple and Young that they be given her custody.

Judge Sullivan's decision referred to Young as an "unfit person."

Cindy Lou's parents were estranged at the time of the accident and her mother was returning to Nantucket from Dayton when it occurred.

MENTION KNOX FOR CABINET JOB IN STATE

By LEONARD A. UNGER
HARRISBURG (AP)—James W. Knox, Allegheny County controller, was mentioned today as a possible cabinet officer in the administration of incoming Gov. David L. Lawrence.

A close political associate of the Pittsburgh mayor, Knox is being mentioned as a topflight candidate for revenue secretary after the new governor is inaugurated Jan. 20.

A Democratic source, who asked not to be identified, said Knox's name is being pushed for the revenue job because (1) a vacancy now exists, and (2) his background as controller fits him for the job of administering tax collections.

Nominee in '56
Knox, with Lawrence's backing, won the Democratic nomination for state treasurer, in 1956, but he lost to Republican Robert F. Kent in the general election.

Working against Knox would be a tradition that a Philadelphia usually has served as revenue secretary. Gov. George Leader named Gerald F. Gleason to the job at the outset of his administration. When Gleason went on to a Philadelphia judgeship, Vincent G. Panati took his place. Panati's death earlier this year left a vacancy.

Allen Sulcove, also of Philadelphia, has been serving as acting revenue secretary. There has been some talk that, with labor support, Sulcove may be shifted by Lawrence to secretary of labor and industry.

Shapiro Leaving
William L. Batt Jr., now secretary of labor and industry, has been mentioned in the same speculation as a possibility to succeed Harry Shapiro as secretary of public

3-Semester Plan To Be Initiated

PITTSBURGH (AP)—A three-semester academic year will be inaugurated next September by the University of Pittsburgh for freshmen and sophomores.

In making the announcement Thursday, Pitt officials said the three-semester plan gradually will be extended to upperclassmen and post-graduate students.

Participation will be voluntary. Dr. Edward H. Litchfield, Pitt chancellor, said students will have the opportunity to finish school sooner under the three-semester plan. The usual two-semester course of study also will be available.

The academic year will be divided into three 15-week periods with one month of vacation under the new plan.

KE WILL HUNT DUCKS IN OHIO

WASHINGTON (AP)—President Eisenhower flies to Ohio today to hunt ducks after hunting first for ways to cut federal spending.

Before leaving, the President arranged to confer with Budget Director Maurice Stans on the government spending program for the fiscal year starting July 1.

At the exclusive Cedar Point Club on the Lake Erie shore near Toledo, Ohio, Eisenhower will be the guest of George M. Humphrey, his first secretary of the treasury.

The President is stopping there

for an afternoon of duck shooting on the way west to Tacoma and Seattle, Wash. He will spend the rest of the weekend at the home of his brother Edgar, an attorney in Tacoma.

On Monday, Eisenhower will address a meeting of the representatives of the Colombo Plan nations in Seattle. He intends to set forth recommendations for economic development of South and Southeast Asia.

Lawrence will have a free hand in choosing his Cabinet. If custom is followed, the resignations of the entire Leader Cabinet will be on his desk when he takes the oath of office.

ABBOTTSTOWN — The Sunshine Class of St. John's Lutheran Church will meet Tuesday at 8 p.m. at the home of Dorothy Roomsburg.

The Ladies Aid of St. John's will serve a turkey supper Saturday beginning at 4 p.m. Gerald Harmon spent the past week in Ohio where he visited his mother.

Stevie Alwine, for several weeks a patient in the Hanover Hospital following his accident with a lawn mower, has returned home. His foot, which was mangled by the mower, is still in a cast.

Mrs. Anna Bankert, of near here, has been discharged from the York Hospital.

Mrs. Jane Hollinger is visiting her son-in-law and daughter, Mr. and Mrs. John Marks, Lancaster, who are parents of a baby son, born recently.

Mrs. Richard Hoke is convalescing at her home to which she returned after being a patient in the Warner Hospital, Gettysburg.

Dr. and Mrs. George Berkheimer, Ambler, were recent guests of Mrs. Berkheimer's parents, Mr. and Mrs. Charles Slothour. Dr. Berkheimer was guest speaker at the homecoming service Sunday at St. John's Lutheran Church.

Mrs. Nellie Stambaugh, postmaster, announced that the post office will be closed after 8 a.m. Tuesday, Veterans Day, and that there will be no rural deliveries that day.

Catholic Church News
